

3-Point Silage Film Rack Stand

Reduce the hassle and labor required to cover your silage pile! Our well-designed silage film rack stands make it faster and easier to apply bunker covers. They are available with a 3-point mount or with a skid steer quick attachment. These stands have two bars so you can lay your 5 or 6 mil bunker cover with the Oxygen Barrier at the same time, reducing the risk of tearing the oxygen barrier. Our durable stands are engineered to withstand the weight and size of any film manufacturer.

Silage Film Rack Stand

- 4' Wide x 10' Long x 5' High
