

Cordex Maxxcord Pink Baler Twine

Balecord Maxxcord Pink Baler Twine is thinner, stronger, smoother and less abrasive than standard baler twines, and is engineered for reliable performance in high density balers. High-visibility Maxxcord features next generation Knot-Tec technology, producing strength without bulk and the accompanying knotter problems.

Key Features and Benefits:

- Premium quality, heavy-duty polypropylene
- Field-tested knot strength at 600 lbf
- High visibility pink color
- Tension tested for strength
- UV stabilized for durability in the field

Available Cordex Maxxcord Pink Baler Twine Sizes

- 3,750/600 PINK
