Black & White Silage Bunker Covers
5 or 6 Mil Black & White Bunker Cover Silage Tarps

Protect your silage investment and maximize feed value!

Our black and white silage tarps are manufactured by RKW HYPLAST, leading international producer of top quality plastics for agriculture. We offer some of the widest and longest seamless rolls available in North America. When combined with our 2 Mil Oxygen Barrier Film, our bunker covers can virtually eliminate surface spoilage on your silage pile. Properly protecting your silage also reduces dry matter loss and increases aerobic stability on the feed-out face of your pile. Less spoilage means greater feeding value for your animals and a better return on your silage investment.

Key Features and Benefits:

• Unique co-extruded, 3-ply structure engineered for durability and cost effectiveness
• Black side for maximum opacity, white side for sun reflectivity and UV protection
• 5 and 6 mil thicknesses are available for all sizes
• Highly resistant to punctures and tears and safe to walk on
• Guaranteed UV stable for 18 months even in the harshest weather
• 100% virgin LDPE that is completely recyclable

Recyclable Plastic   UV Protection   100% Virgin Resins
